

# PRICING GUIDE FOR WEBSITE AND APP DEVELOPMENT

We offer comprehensive solutions for businesses looking to establish a strong online presence. Our services include static and dynamic website development, as well as mobile app creation for Android and iOS platforms.

## STATIC WEBSITE DEVELOPMENT

Perfect for small businesses needing a reliable online presence, our static websites are fast, secure, and SEO-friendly. With custom designs optimised for mobile and desktop, they're ideal for businesses with minimal update needs.

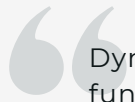

## ₹8,000

- Basic design and layout customization
- Responsive design for desktop and mobile
- SEO-friendly structure
- Fast loading speed and secure design

1 Year Free Service: Includes minor updates, content changes, and security patches.

## DYNAMIC WEBSITE DEVELOPMENT

Dynamic websites are ideal for businesses needing a more interactive and functional site, with features such as a content management system (CMS) or user interactivity.

**₹20,000** Starting

- User-friendly design tailored to your brand
- Responsive design for desktop and mobile
- SEO-friendly structure
- Fast loading speed and secure design

1 Year Free Service: Includes minor updates, content changes, and security patches.

## MOBILE APP DEVELOPMENT (ANDROID & IOS)

Develop custom mobile applications for Android and iOS platforms. Suitable for businesses looking to offer an interactive, accessible solution to their clients.

**₹25,000** Starting

- Native Android and iOS development
- Standard UI/UX design, based on brand identity
- Integration with website (if applicable)
- Push notifications setup
- Deployment to Google Play Store and Apple App Store
- Additional Options:

## WEBSITE + MOBILE APP DEVELOPMENT

Our Website and Mobile App Development package provides a cohesive brand experience with functional websites and custom Android and iOS apps, ensuring seamless access across devices for businesses seeking an integrated, cross-platform presence.

**₹30,000** Starting

- Fully functional website
- Custom Android and iOS

1 Year Free Service: Includes minor updates, content changes, and security patches.

## ANNUAL MAINTENANCE PLANS (POST 1-YEAR FREE SERVICE)

For continued support and maintenance after the first free year, we offer flexible plans to keep your site or app running smoothly.

- Basic Maintenance : **₹1,000/year**
- Standard Maintenance : **₹3,000/year**
- Advanced Maintenance : **₹6,000/year**

- Regular backups and security checks
- Minor content updates and layout adjustments
- Performance optimization
